# WELCOME:

---

Hey there! Congratulations on your engagement! I'm so excited to chat with you about your upcoming wedding!

Choosing a photographer is such an integral part of your day & I'm honored to have you consider me! My work is a mix of timeless film inspired edits, documentary/ candid style reception photos, & fine art portraiture,.

A little about me: I am a DMV based wedding photographer and I have over 7 years of experience in the photography industry. I love weddings and believe in capturing authentic moments and magic. I have a fine arts background from my undergraduate studies at The Maryland Institute College of Art which shows through in my use of lighting and coloration in images. I also incorporate 35mm film into all of my wedding packages!

# ABOUT US

---

I'm Sarah James and I am the lead photographer. I'm a content creator, full time creative, and am OBSESSED with weddings and love stories!

One thing that sets me apart from other photographers is that I've worked for years directing models- this comes in handy with making sure we get the best shots and most flattering angles and also with making you the most comfortable you can be on your big day!

My fiancé Jack is my full time second shooter. He has a more documentary feel with his images and is great at blending in to the back ground to get the perfect shot. When you work with us you get the best of both worlds- I'll be confidently directing and high energy, while jack is observant and capturing those integral moments that are so often missed at large events.

A: Yes! From wedding planners to florists and caterers, I have worked with some of the best companies in the industry & would love to share their information with you!

Q: Do I have to order prints through you?

A: I highly recommend ordering prints through my gallery site, but it is not required!

Q: What is your deposit ?

A: I require a 20% deposit when you sign your contract and the rest is due the day of!

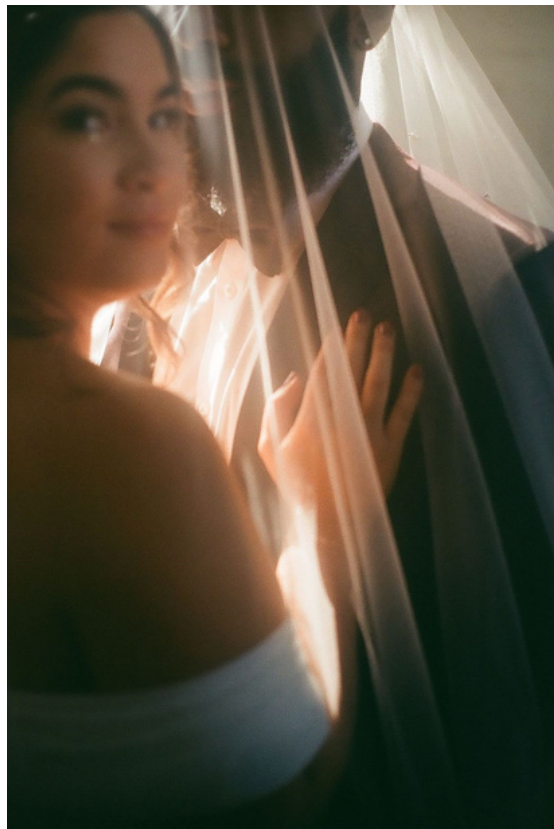

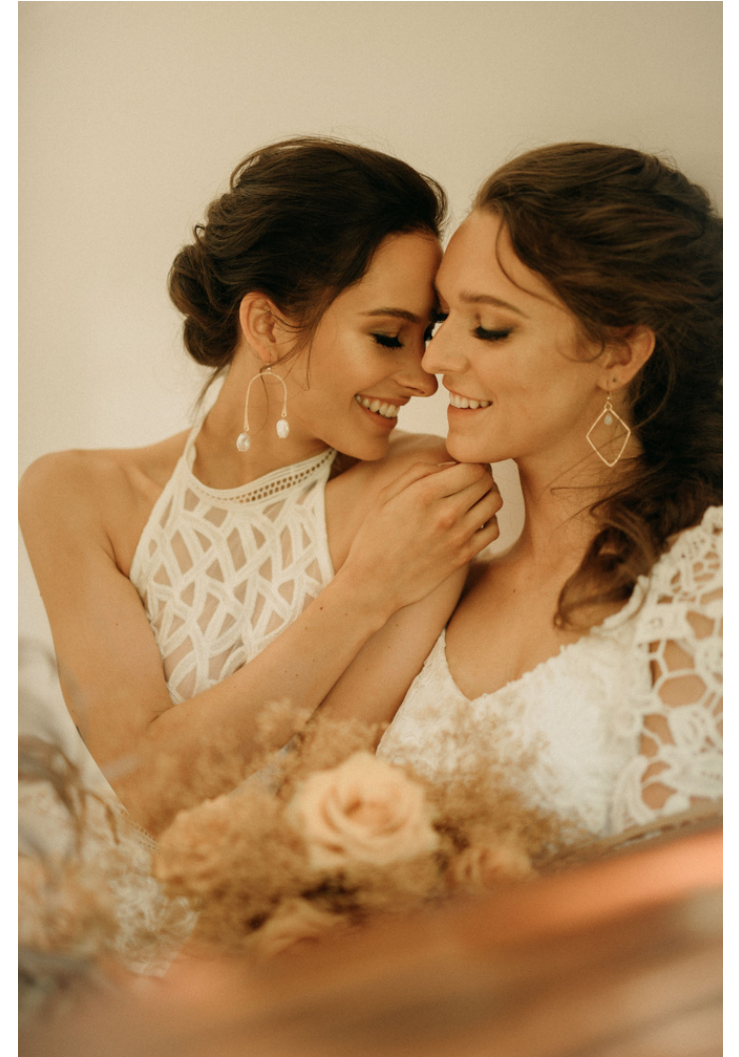

Q: Are the people featured on your site models?

A: For the most part, no. While I am lucky enough to work with gorgeous clients, the majority of the images shown on my site and blog are not models.

Q: Do you prefer posed or candid images?

A: I worked as a professional stylist for years and am very comfortable posing my couples in ways that feel authentic and get not only the “framable” shots but also capture the energy in the in between moments.
