WELCOME:

A MASSIVE congrats to you both on embarking on this new path together!

Choosing a photographer is such an integral part of your day & I'm honored to have you consider our team! My work is a mix of timeless film inspired edits, documentary/ candid style reception photos, & fine art portraiture,.

The most important thing is that your wedding feels like YOU and I want to help capture that!

ABOUT US

I'm Sarah James and I am the lead photographer. In my every day life I am a fantasy influencer, full time creative, and am OBSESSED with weddings and love stories! I graduated from MICA. My work has been featured in the NYtimes, Rock n Roll Bride, and more!

One thing that sets me apart from other photographers is that I've worked for years directing models- this comes in handy with making sure we get the best shots and most flattering angles and also with making you the most comfortable you can be on your big day!

My husband, Jack, is my full time second shooter. He has a more documentary feel with his images and is great at blending in to the back ground to get the perfect shot. When you work with us you get the best of both worlds- I'll be confidently directing and high energy, while jack is observant and capturing those integral moments that are so often missed at large events.
